GRAPHICS DIVISION

SELF-ADHESIVE FILM MANUFACTURER FOR OVER 30 YEARS

HEXIS are delighted to be launching a new generation car body protection film.

The new **BODYFENCE** range has been developed by HEXIS R&D based on cutting-edge technology and will protect your vehicle against external aggressions:

- Scratches
- Stone chips
- Abrasion
- UV rays

In addition, the film facilitates cleaning by preventing dirt from adhering to the paint. It will keep your vehicle...

FOREVER YOUNG

WHY USE THE BODYFENCE FILM?

TO PROTECT YOUR PAINT

In accordance with new legal requirements, car manufacturers are obliged to use water-based paints to better preserve the environment.

These paints are less resistant on the surface to scratches or impacts.

The **BODYFENCE** paint protection film has been developed by **HEXIS** for long-term protection.

Thanks to its anti-shock, self-healing and self-cleaning properties, the **BODYFENCE** protective film offers perfect protection.

OUR RANGE

BodyfenceX
Clear gloss
150 μ m

BodyfenceP
Clear gloss
180 μ m

Bodyfence

150 μ m

BodyfenceM
Clear matt
150 μ m

BFBLACK
Deep black gloss
150 μ m

■ Following the launch of **BODYFENCE** (manufactured at our facilities in France) five years ago, **HEXIS** has conquered the PPF market and become a key player with more than 21 million m² sold. **BODYFENCE** offers you an incredible protective solution. **And today**, we are introducing **an unprecedented new solution!**

■ There are currently several solutions available to protect your bodywork. Sealing varnish to protect against scratching and dirt, as well as films protecting against stone chips, insects and more. Up until now, however, there has been no single solution capable to protect your bodywork against ALL external aggressions.

**We are proud to present the new
phenomenal and revolutionary
X technology!**

BODYFENCE

PAINT PROTECTION FILM

WHAT IS **X** TECHNOLOGY?

X technology is truly unique, with technical specifications that make **BodyfenceX**, **BodyfenceP** and **BFBLACK** even more powerful and durable.

- An incredible ability for instant self-healing
- Increased resistance to hydrocarbon stains
 - Improved hydrophobic effect
- Ultra-gloss finish / Heightened "deep" effect
 - High durability / Guaranteed **FOR LIFE**

BODYFENCE

PAINT PROTECTION FILM

THE BODYFENCE PLUS

CHIPPING-RESISTANT

There are a million causes of paint damage from stones and gravel to road debris.

Resist the impact from these every day road hazards with **BODYFENCE**.

SELF-HEALING

Should your paint become scratched, the **BODYFENCE** protective film will regenerate with the help of heat from the sun or hot water.

Scratches appear on the car body when using automatic mechanical car wash brushes, when rubbing against bushes on road sides, during everyday use or due to an act of vandalism.

All these scratches will disappear from the surface of the protective **BODYFENCE** film thanks to the heat of the sun or just rinsing with hot water. Your original paint is preserved... *
Forever Young!

* Before each application please carefully read the technical documentation available on www.hexis-graphics.com

SELF-CLEANING

The **BODYFENCE** protective film contains an anti-adhesion component. Thus, dust and dirt will adhere much less to the car body.

Cleaning will be less frequent and significantly easier.

ULTRA TRANSPARENT

The **BODYFENCE** protective film is a highly transparent film developed to protect the vehicle without altering its appearance. This film is available in both gloss and matt finish.

Hexis **BODYFENCE** film in matt version will make any paint or gloss film matt.
