## SELF-ADHESIVE FILM MANUFACTURER FOR OVER 25 YEARS

We are delighted to be launching a new generation car body protection film.

The new BodyFence range has been developed by HEXIS R&D based on cutting-edge technology and will protect your vehicle against external aggressions:

- Scratches
- Stone chips
- Abrasion
- UV rays

In addition, the film facilitates cleaning by preventing dirt from adhering to the paint. It will keep your vehicle...

**...Forever Young!**

### PRODUCT SPECIFICATIONS

POLYURETHANE  
FILM

150 MICRONS

PET LINER

# The BODYFENCE Plus

## SELF-HEALING

Should your paint become scratched, the BodyFence protective film will regenerate with the help of heat from the sun or hot water. Scratches appear on the car body when using automatic mechanical car wash brushes, when rubbing against bushes on road sides, during everyday use or due to an act of vandalism. All these scratches will disappear from the surface of the protective BodyFence film thanks to the heat of the sun or just rinsing with hot water. Your original paint is preserved ... Forever Young!

## ULTRA CLEAR

The BodyFence protective film is a highly transparent film developed to protect the vehicle without altering its appearance.

## CHIPPING-RESISTANT

There are a million causes of paint damage from stones and gravel to road debris. Resist the impact from these every day road hazards with BodyFence.

## EASY APPLICATION

Due to its technical properties and performances, this film offers easy application with no creases and no traces.

## CONFORMABILITY

Today, the time required to apply self-adhesive films is one of the key factors of a company's profitability. That is why HEXIS have developed an easy-to-apply film. Thanks to the new BodyFence, you will save 30 % on the application time, due to its high conformability and ease of application.

## DURABILITY

The HEXIS BodyFence will preserve the original shine of your paint thanks to a reinforced UV protection.

The HEXIS BodyFence is guaranteed for 7 years against:

- Yellowing
- Cracking

## SELF-CLEANING

The BodyFence protective film contains an anti-adhesion component. Thus, dust and dirt will adhere much less to the car body. Cleaning will be less frequent and significantly easier.

# BODYFENCE

PAINT PROTECTION FILM

## FOREVER YOUNG

In accordance with new legal requirements, car manufacturers are obliged to use water-based paints to better preserve the environment.

These paints are less resistant on the surface to scratches or impacts.

The BodyFence paint protection film has been developed by HEXIS for long-term protection.

Why use the BodyFence film?

## TO PROTECT YOUR PAINT

Thanks to its anti-shock, self-healing and self-cleaning properties, the BodyFence protective film offers perfect protection.

## Training CENTRE

This training course helps mastering the application method of our new generation transparent BodyFence paint protection film.

This 150 micron polyurethane film has been developed by HEXIS R&D based on cutting-edge technology and will protect your vehicle against daily external aggressions (durability: 7 years).

This training course, recommended by our professionals, will help you achieve the best possible results for your projects.

Who better than HEXIS can train you on BodyFence application?

Targeted audience: any level

Maximum number of participants: 4 per session

Duration: 1 day or 2 days
