# 23

digital connection

In the era of fast food,  
fast fashion,  
fast charge,  
**it's time  
to reconnect.**

We reconnect  
to the rhythm of **nature**,  
to the rhythm of **Quality**,  
towards a better progress.

Welcome to our 2023,  
the time of  
**#Excellence connections.**

## S.O.S. TAINABILITY: A FAMILY STORY

For us, at **Guandong Italia**, people are **at the heart of everything** we do. That's why we don't just provide **solutions for digital printing and visual communication**; in fact, we take care of every solution with **commitment** and **passion**, making **quality** and **relationships** the fundamental basis because **growing together** is our most important daily commitment.

At Guandong Italia, we strive to ensure that **our work environment is the best possible**. For example, our recreational areas are not just a place for relaxing, but also spaces where people can **grow personal relationships**, talk about common **projects, sustainability** and future **values** on which to lay foundations for years to come.

DOWNLOAD OUR SUSTAINABILITY MANIFESTO

... AND DISCOVER ALL OUR GREEN INITIATIVES

*sheet, sheet*  
on the wall...

**Do you know Mr Magnus?**

The new Mr Magnus division was born from the idea of bringing the technology and potential of Guandong plastics specialties in a format designed for digital, dry toner and offset printing, giving printers and all sheet printing professionals the opportunity to open new markets and discover new horizons.

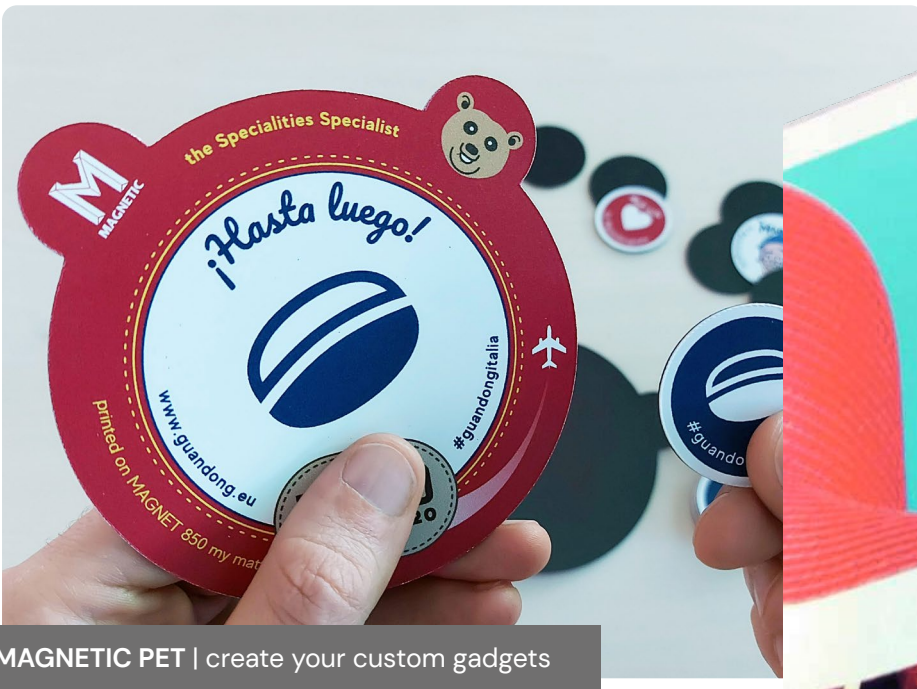

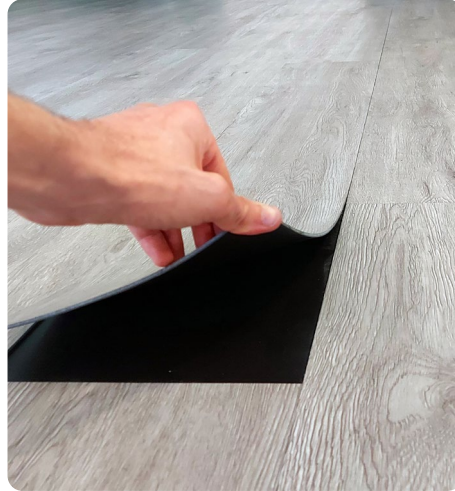

**DISCOVER MORE!**

# MAGNETIC

Our range of magnetic materials in rolls allows you to create easy-to-change and interactive advertising material, gadgets, packaging and displays, a perfect idea for shops and points of sale.

Our flagship, a... magnetic attraction! Combining the Magnetic and Ferro systems allows you to change the appearance of any room or surface in the blink of an eye. Choose the combination that's right for you and have fun creating.

**Same location, *three communications***

**SPECIALIST ADVICE CORNER**

1. We recommend carefully cleaning the surface of the wall or panel to ensure the best performance of the self-adhesive.
2. The surface of the wall or panel must be absolutely dry.
3. We recommend using a hot air gun to soften the compound, revive the glue and increase the overall adhesion of the film to the chosen surface.

- EN 13501-1** UNI EN 13501-1 Reaction to fire      **R13** Anti-slip R13

## SUSTAINABILITY

 Products marked with the green leaf contribute to sustainability in different ways: they can be **100% recycled and recyclable, PVC FREE**, contain **regenerated and recovered material**, support **environmental protection causes** or be **Global Recycled Standard** certified.

# *Your story is our story*

**Our solutions would have no meaning without someone, like you, who brings them to life.**

This is why we really care about collecting and keeping track of all the case histories made with our products.

If you also want to share your work with us, scan this QR and upload all the photos and videos you want to the folder.

*Thank you!*

welcome to the  
JUNGLE
